# About Us

Project ARRIBA assists economically disadvantaged individuals to gain the education & workforce skills needed for El Paso's demand occupations that pay a Living Wage of \$14 per hour or higher with benefits & a career path.

We partner with our participants to provide the financial and case management support needed to complete training in a high-demand career.

We invest in human capital which leads to workforce and economic development in our community, region, state, and nation.

*Participant Centric | Employer Driven | Regionally Focused*
